**Parent/Player Understanding:** I recognize and understand that...

- a competitive soccer player is committed to his/her team for the entire season (September 1 through August 31) and may not change to another competitive team without written release from the club.
- I will be given a schedule of team events as soon as finalized. Barring unforeseen events, I am committing to participate in all team sponsored events. Not participating in team events may jeopardize my position on the team and I will be asked to leave the team.
- this is a competitive soccer team and the amount of playing time of any player is at the discretion of the coaching staff.
- my behavior at team events is a reflection not only of myself but of the club. If it should be deemed that I am exhibiting excessive aggression toward players, coaches, referees, or other spectators that I may be asked to leave the event.
- continued exhibiting of aggressive behavior could jeopardize future placement on the team.
- Funds are non-refundable.
- United 1996 FC is operated through parent volunteers. It is only through the generous nature of these individuals does the club exist.
- If I want to play on a second team or guest play, I will discuss this with my United coach prior to making a commitment to play.
- The club will select tournaments for each team based on level of play and the best opportunities for player and team development. The dates of these tournaments may occur during time that players are out of school for holidays.

**United 1996 FC Understanding:** The United 1996 FC has an obligation to the player for the entire season and agrees that the United program is governed by the rules of KYSA, Kentucky Select Soccer League and the Midwest Regional League.

**Parent Volunteer Area:** United Soccer Club is run by parent volunteers. There are many jobs that need to be done- some require a little time- some require a substantial commitment. Listed below are areas that we need parent assistance. Please check those areas that you are willing to assist within:
